

# We now offer Three Grades of Deeps & Mediums!

Select Grade, Commercial Grade, and our new Economy Grade

GOOD

## **NEW!** Economy Grade

*Perfect for the budget-conscious beekeeper.*

- All knots are allowed including loose knots unless they can be pushed out
- Knots in any location are acceptable
- Box functionally fit for use
- Pitch pockets are acceptable
- Tear outs are acceptable as long as fit and function are maintained
- Only available in Deep and Medium Boxes
- No nails or frame rests included

BETTER

## Commercial Grade

*Perfect for the beekeeper looking for a great fit at a great price. This grade offers an excellent fit and function, but with a few knots allowed.*

- Cracks up to 5" allowed, as long as crack does not go all the way through the wood
- No knots in hand holds, finger joints, or rabbets
- Solid red knots of any size are acceptable
- Black knots up to dime sized are acceptable
- Minimal chatter or tear out on hand holds and finger joints is acceptable
- Small pitch pockets are acceptable
- Same fit as Select Grade
- Nails and frame rests included (exception is bulk pack)
- Small tear outs on the inside are acceptable

BEST

## Select Grade

*Our top-of-the-line offering. You'll get the best quality lumber with a precise fit.*

- No knots in hand holds, finger joints, or rabbets
- Small tight knots of 1/4" or less on the outside of the box
- Small imperfections on the inside of the box
- No black knots
- Nails and frame rests included (exception is bulk pack)
- No deviation in finger joints, hand holds, or rabbets to ensure proper fit

Build **YOUR** hive for just the right price!
